THE MISSISSIPPI VALLEY

NAVIGATION COMPANY

OF THE-

SOUTH AND WEST.

THE COMPANY KNOWN TO THE PUB-tic as the "Mississippi Valley Navigation Company of the South and West," is erg-wiked under a emarker from the State of Louisiana. Tols charter authorizes a capital stock of five

the third article of the charter is given entire, as follows:

"The object of this Company is to construct or otherwise to procure and maintain one or more strambons, or other vessels, to run on and navigate the Mestasppi river, or its tributaries, for the purpose of carrying freight, mails and passengers; to construct docks, wharves, boundings and much other constructions as may be necessary to the building and repairing of vessels, and generally to exercise such incidental powers and privilege as are hereby or may be construct an them for the purposes aforessid."

The Company propose, under the provisions of this charter to construct a line of scanners to run between the different ports on the Alls-

of this charter to construe a line of seamers to run between the different ports on the Allessisppi river and its tributaries. They will be constructed upon the low possure principle; they will carry less steam; they will make sector time, and or in all respects more as a han any description of boats ever places upon our waters. Divided into distinct compartments, if disaster, whather by the or sings, shall happen to one the boat is not endangared in case of fire, apparatus for turning atsom upon it will be provided, and it is demonstrated that steam is the most off of we extinguisher of fire.

steam is the mass of cive extinguisher of fire, in case one compartment is roken through by contact with snags, and fills with water, the others are not enhangered, and the bost cannot stack, as pumps, provided for such an emergency, will be in impant operation. Safety to passengers and freight is a great end, worthy of the struggle of the people of the Mississippi Valley.
